THPRD Buildings to be CLOSED to the Public
Saturday, March 14 through Tuesday, March 31

March 13, 2020: A lot is moving quickly and changing as we all do our best to come together as a community and respond collectively to the COVID-19 pandemic. This is an unprecedented situation and one that requires all of us to prioritize on the health and safety of the people we serve, as well as our staff, above all else.

With this in mind, THPRD has made the difficult decision to close all buildings to the public starting Saturday, March 14, through Tuesday, March 31. We take this step knowing that it is the best way to honor the advice and guidance of our Governor, the Oregon Health Authority, Washington County Public Health Department, and the U.S. Centers for Disease Control. We are not aware of a person with a confirmed COVID-19 diagnosis coming into contact with a THPRD facility, however we believe this is an essential step to take to ensure the safety of our patrons and staff.

Facilities closed to the public include:

- **Centers**: Babette Horenstein Tennis Center, Cedar Hills Recreation Center, Conestoga Recreation & Aquatic Center, Elsie Stuhr Center, Garden Home Recreation Center, Tualatin Hills Nature Center, and Tualatin Hills Athletic Center.

- **Pools**: Aloha Swim Center, Beaverton Swim Center, Tualatin Hills Aquatic Center, Harman Swim Center, and Sunset Swim Center.

- **Other**: Administration Office at HMT Complex, Cooper Mountain Nature House, Fanno Creek Service Center, Fanno Farmhouse, and Jenkins Estate.

The facilities will still have administrative staff in the buildings, but they will not open to the public. Meals on Wheels will still operate food delivery services out of the Stuhr Center, but there will be no meals served inside the facility. Please call 503-953-8111 for more information.

**Refunds**: Patrons who registered for programs that required a fee between March 14 and March 31 will receive a credit, per district policy. This includes Spring Break camp registrations.

**THPRD Outdoor Locations will remain Open to the Public.** THPRD and affiliated sports group practices and games are cancelled. All athletic fields and outdoor spaces are CLOSED to programmed and permitted uses. Parks, trails, fields, and dog parks, will remain open to the public, we ask visitors respect state guidance in relation to social distancing.

Please understand, this is a fluid situation. Additional events and programs have been cancelled or postponed, through April 8, per the Governor’s directive limiting public gatherings greater than 250 people. The best source of information about closures, cancellations, and postponements, will be our website.
