6:30 – 8 pm  
**Location:** Cedar Hills Recreation Center  
11640 SW Park Way

**RSVP to any of these three sessions at:** <http://bit.ly/THPRDCensus>

**Why the Census Matters:** The census counts every person living in the U.S. once and in the right place. Census data determines how more than \$675 billion is spent, supporting our state, country, and vital community programs. Every 10 years, the results of the census are used to reapportion the House of Representatives determining how many seats each state gets.

“THPRD is honored to partner to help raise awareness of the upcoming census. Representation matters, and everyone should know how important their participation is to our county, our region, and our state,” said Felicita Monteblanco, THPRD Board President.
